

ENVIRONMENT, HEALTH, AND SAFETY POLICY

In order to control the potential negative impacts of our operations on health, safety, and the environment, we commit to:

- Continuously improve our work, working environment, and environmental conditions,
- Comply with legal requirements related to health, safety, and the environment,
- Reduce waste and promote energy efficiency in line with our objectives, minimizing pollution and using natural resources efficiently,
- Raise awareness among all our employees and suppliers about health, safety, and environmental issues and encourage their involvement in environmental conservation efforts,
- Take measures to prevent risks related to health, safety, and the environment,
- Maintain preparedness for emergency situations at all times,
- Provide a healthy and safe working environment,
- Implement our Environmental Management System effectively.

**ELIPSAN INC. AS A COMPANY, WE PLEDGE TO ADHERE TO OUR
ENVIRONMENT, HEALTH, AND SAFETY POLICY**
